Effect of grant of certificate and taking of oath.

**7.** (*1*) No certificate of naturalization shall have effect until the person to whom it is granted has taken and subscribed the oath prescribed by section 6, but upon the taking and subscribing of such oath such person, the wife of any such person, and any child of any such person who has been included in the certificate under sub-section (*2*) of section 5, shall, when in British India, be deemed to be British subjects and be entitled to all the rights, privileges and capacities of a British subject born within British India, except such rights, privileges or capacities, if any, as may have been withheld from them respectively by the certificate, and shall within British India be subject to all the obligations, duties and liabilities of a British subject.

XXX of 1852.

(*2*) Without prejudice to the foregoing provisions, such Local Government shall, by order in writing, revoke such a certificate of naturalization as aforesaid in any case in which it is satisfied that the person to whom the certificate was granted—

(*4*) The Local Government may, if it thinks fit, before making an order under this section, refer the case for such inquiry as is hereinafter specified, and in any case to which sub-section (*1*) or clause (*a*), clause (*c*) or clause (*e*) of sub-section (*2*) applies, the Local Government shall, by notice given to, or sent by post to the last known address of, the holder of the certificate, give him an opportunity of claiming that the case be referred for such inquiry, and, if the holder so claims in accordance with the notice, the Local Government shall refer the case for inquiry accordingly.

(*5*) An inquiry under this section shall be held by such person or persons and in such manner as the Local Government may direct in each case.

(*6*) Where a certificate is revoked under this section, the revocation shall have effect from such date as may be directed by the Local Government, and thereupon the certificate shall be given up and cancelled ; and any person who, without reasonable cause the burden of proving which shall lie upon him, fails to give up his certificate within one month from the aforesaid date, shall be punishable with fine which may extend to one thousand rupees.

(*7*) For the purposes of this section, any person who has acquired any of the rights, privileges or capacities of naturalization under sub-section (*2*) of section 5 or sub-section (*2*) of section 7 by reason of the grant to his parent of a certificate of naturalization, may, after he has attained majority, be deemed to be a person to whom a certificate of naturalization has been granted.

no such direction is made, the status of the wife and minor children of the person whose certificate is revoked shall not be affected by the revocation :

Provided that, in the case of a wife who was at birth a British subject, no such order as aforesaid shall be made unless the Local Government is satisfied that, if she had held a certificate of naturalization in her own right, the certificate could properly have been revoked under section 8, and the provisions of that section as to referring cases for inquiry shall apply to the making of any such order as they apply to the revocation of a certificate.

Declaration of alienage.

**10.** (*1*) A declaration of alienage in such manner as may be prescribed by rules made under this Act may be made,—

(*a*) within one year of his attaining majority, by any child who has acquired any of the rights, privileges or capacities of naturalization under sub-section (*2*) of section 5 or sub-section (*2*) of section 7, or

(*2*) Where a declaration of alienage has been made in the manner aforesaid, the person making the same, and the wife of any such person, and any children of any such person who are minors and are not by birth British subjects, shall cease to be deemed to be British subjects.

**12.** (*1*) All oaths and affidavits for the purposes of this Act shall be sworn before a Magistrate or such other person as may be appointed in this behalf by the Local Government.

(*2*) The Magistrate or other person by whom an oath of allegiance is administered under section 6 shall grant to the person making the same a certificate in writing of his having taken and subscribed such oath and of the date of his taking and subscribing the same, and shall forward to the Local Government the oath so taken and subscribed together with a copy of such certificate.

Power to make rules.

**13.** (*1*) The Local Government may, with the previous sanction of the Governor General in Council, by notification in the local official Gazette, make rules to give effect to the provisions of this Act.

Indemnity.

**8.** No suit, prosecution or legal proceeding whatever shall lie against any person in respect of anything which is, in good faith, done or intended to be done under this Act.

## STATEMENT OF OBJECTS AND REASONS.

The recent disturbances in Calcutta have been largely due to the presence of a class of bad characters whose ejection would conduce to the restoration of public tranquillity and confidence. All of these persons do not come within the purview of the Goondas Act, 1923; and in cases of extreme emergency it is found that the procedure under that Act is slow and cumbrous. Power has been taken under the proposed legislation for the Commissioner of Police and District Magistrates acting under the control of the Local Government to eject dangerous persons from the Presidency Area and, if not *bona fide* inhabitants of Bengal, from the Province. The powers are limited in each state of emergency to a period of three months. The Local Government is empowered to declare a state of emergency in certain circumstances and is required to formulate reasons for so doing. The powers of the Commissioner of Police and District Magistrates are exercised subject to the safeguard of the submission of a report on the circumstances of each individual case of ejection to the Local Government; and are analogous to the existing power of the Commissioner of Police in Bombay under section 27 of the City of Bombay Police Act, 1902 (Bombay Act IV of 1902).

2. Power to require indication of origin in the case of certain imported goods.
3. Constitution of committees.
4. Offences.
5. Laying before Parliament and revocation and variation of orders.
6. Penalty on removal of indication of origin from imported goods.
7. Execution of Act by local authorities.
8. Interpretation.
9. Exercise of powers of Board of Trade under Act.

11. Short title and application.

*A Bill to require an indication of origin to be given in the case of certain imported goods.*

BE it enacted by The King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Imported goods bearing name or trade mark of British manufacturer or trader not to be sold unless accompanied by indication of origin.

**1.** It shall not be lawful to sell, expose for sale, or distribute by way of advertisement, in the United Kingdom, any goods which bear any name or trade mark being, or purporting to be, the name or trade mark of any manufacturer, dealer or trader in the United Kingdom, not being goods produced or wholly or mainly manufactured therein, unless the name or trade mark is accompanied by an indication of origin.

Power to require indication of origin in the case of certain imported goods.

**2.** (*1*) Where the appropriate department within the meaning of this Act, after an enquiry has been held by a committee appointed for the purposes of this Act (in this Act referred to as " a committee ") and the report of the committee on the matter has been taken into consideration by the department, is satisfied that it is in the interest of trade in the United Kingdom or of trade between the United Kingdom and any other part of His Majesty's Dominions, that imported goods of any class or description to be used or consumed in the United Kingdom should not be sold unless they bear an indication of origin, His Majesty in Council may, on a representation to that effect being made to him by the department and subject to the provisions of this Act, make an Order prohibiting the sale, or the exposure for sale in the United Kingdom, of imported goods of that class or description unless they bear an indication of origin.

(*2*) If it appears to a committee to be desirable that any imported goods being foodstuffs should bear an indication of origin at the time of importation, and the committee so reports to the appropriate department, His Majesty may by Order in Council under this section (without prejudice to his powers under the preceding sub-section) make provision accordingly, and if any such goods required by any such Order to bear an indication of origin at the time of importation do not at that time bear such an indication they shall be deemed to be goods which are prohibited to be imported by virtue of section sixteen of the principal Act :

Provided that nothing in the foregoing provision shall be taken to be in derogation of anything contained in the said section sixteen.

(*3*) If it appears to a committee that imported goods of any class or description to be used in the United Kingdom ought not to be sold unless distinguished from similar goods manufactured in the United Kingdom but that by reason of the nature of the goods it is not practically possible to apply either at all or effectively an indication of origin to those goods, and the committee so reports to the appropriate department, His Majesty may by Order in Council under this section provide that imported goods of that class or description shall not be sold, or exposed for sale, in the United Kingdom, unless they are distinguished from similar goods manufactured in the United Kingdom by some form of distinctive colouring or other variation in their make-up, which shall be different in the

case of goods manufactured or produced in a foreign country and in the case of goods manufactured or produced in a part of His Majesty's Dominions outside the United Kingdom.

(*4*) A committee shall, from time to time, and as soon as may be practicable in each case, make reports to the appropriate department specifying the classes or descriptions of goods, if any, with respect to which, in the opinion of the committee, an Order in Council ought to be made under this section, and the committee may, if it thinks it desirable, and shall, if so required by the appropriate department, recommend in what form and manner the indication of origin should be applied to the goods, or, in the case of goods to which the last preceding sub-section applies, the means by which the goods are to be made distinguishable.

(*5*) An Order in Council under this section shall specify in every case—

(*a*) the manner in which the indication of origin is to be applied to the goods, or, in the case of goods to which sub-section (*3*) of this section applies, the means by which the goods are to be made distinguishable ; and

(*b*) the date (not being a date earlier than three months from the date of the making of the Order) on which the Order is to come into force ;

and also, if it relates to goods being foodstuffs, whether the goods are to bear an indication of origin at the time of importation or of exposure for sale wholesale, and any such Order may contain such other provisions as appear to His Majesty to be necessary or expedient for carrying this section into effect.

Constitution committees

**3.** (*1*) For the purposes of this Act, there shall be two standing committees, of which one (in this Act referred to as "the agricultural produce committee") shall be charged with enquiries relating to agricultural and horticultural produce and the produce of any fishing industry and the other with enquiries relating to goods of any other kind.

(*2*) Each committee shall, subject to the provisions of this sub-section, consist of not less than three and not more than five persons, and shall be appointed by the appropriate department.

(*3*) The members of a committee shall hold office for such period as the department by which the committee is appointed thinks fit, and the department may from time to time fill any vacancies occurring in the membership of the committee.

(*4*) There shall be paid to the members of a committee such fees or other remuneration as the appropriate department, with the consent of the Treasury, may determine.

Offences.

**4.** (*1*) If any person—

(*a*) sells, exposes for sale, or distributes by way of advertisement, any goods in contravention of the provisions of this Act ; or

(*b*) acts in contravention of or fails to comply with any Order in Council made under this Act ;

he shall, subject to the provisions of this section, be guilty of an offence against the principal Act :

Provided that in the case of the sale wholesale by a person being a wholesale dealer of any goods other than goods being foodstuffs which by virtue of an Order in Council made under this Act are required to bear an indication of origin at the time of importation or of exposure for sale wholesale, it shall be a good defence to proceedings under this sub-section if that person satisfies the court that the goods were sold to the purchaser on an undertaking in writing that they would either have an indication of origin applied to them in accordance with the requirements of this Act or any Order in Council made thereunder or would be exported or sold for exportation to a place outside the United Kingdom, and any such undertaking in writing if it purports to be signed by the purchaser and specifies the usual business address of the purchaser shall be admissible as evidence of the facts appearing therein.

(*2*) If any person advertises or offers for sale as being goods of a particular brand or make or otherwise under a specific designation any imported goods of a class or description to which an Order in Council under this Act applies, he shall, if he does not include in the advertisement or offer an indication of the origin of the goods, and subject to the provisions of this section, be guilty of an offence against the principal Act.

(*3*) Where any person sells, or exposes for sale, any goods of which any imported goods, being goods to which an Order in Council under this Act applies, form a distinguishable part, and that part is reasonably capable of having applied to it an indication of origin in manner required by the Order, he shall, for the purposes of this section, be deemed to have sold, or exposed for sale, that part, and the provisions of this section shall apply accordingly.

(*4*) It shall not within the United Kingdom be lawful to submit or cause to be submitted to any person samples of goods of a class or description to which an Order in Council under this Act applies unless the required indication of origin is applied to the samples or unless particulars corresponding to the particulars which would be contained in such an indication are communicated in writing to the person to whom the samples are submitted, and if any person acts in contravention of the provisions of this sub-section he shall, subject to the provisions of this section, be guilty of an offence against the principal Act.

(5) A person shall not be treated as being guilty by virtue of this section of an offence against the principal Act if he proves—

(a) that having taken all reasonable precautions against committing such an offence he had at the time of the commission of the alleged offence no reason to suspect that the goods were goods to which this Act or an Order in Council made thereunder applied, and that on a demand made by or on behalf of the prosecutor he gave all the information in his power with respect to the persons from whom he obtained the goods ; or

(b) that otherwise he had acted innocently.

Laying before Parliament and revocation and variation of orders.

**5.** (1) Before any Order in Council is made under this Act, a draft of the Order shall be laid before each House of Parliament, and if either House within the next subsequent twenty days on which that House has sat next after the draft is laid before it resolves that an Address be presented to His Majesty against the draft or any part thereof, no further proceedings shall be taken theron but without prejudice to the making of a new draft Order.

(2) An Order in Council made under this Act may, on a representation to His Majesty by the appropriate department, but without any enquiry by or report from a committee, be revoked or varied by a subsequent Order made in accordance with the provisions of this section :

Provided that any such Order shall not be varied by the inclusion therein of any further goods, unless an enquiry has been held by a committee and the committee has presented to the appropriate department a report recommending that an Order in Council under this Act should be made in respect of those goods.

Penalty on removal of indication of origin from imported goods.

**6.** If any person removes, alters or obliterates an indication of origin which in compliance with the requirements of an Order in Council made under this Act was borne by the goods at the time of their importation or exposure for sale wholesale he shall be guilty of an offence against the principal Act, unless he proves to the satisfaction of the court dealing with the case that the removal, alteration or obliteration was not for the purpose of concealing the origin of the goods at the time of their sale or exposure for sale

Execution of Act by local authorities

**7.** (1) Every local authority authorised to appoint an analyst for the purposes of the Sale of Foods and Drugs Acts, 1875 to 1907, may, so far as relates to any goods being foodstuffs, execute any of the provisions of this Act other than provisions relating to the importation of goods, and any expenses incurred by a local authority under this section shall be defrayed in the same manner as expenses incurred by the authority in executing the provisions of the said Acts.

(2) An officer of any such local authority as aforesaid, if authorised in that behalf by the authority and on production if so required of his authority, may at any time during the hours when the premises are open for the business enter any premises on which he has reason to believe that there are kept for sale ant imported foodstuffs to which this Act applies and take samples of any goods which appear to him to be such imported foodstuffs, and any person who obstructs an officer so authorised in the execution of the powers conferred on him by this section shall be guilty of an offence against the principal Act.

ADMISSIONS.

SESSION 1926-27.

(1) Applicants for admission should send stamped and addressed envelopes, and state to which year they desire admission, and whether to Arts or Science. The appropriate form will then be sent. Applications not made correctly or on the proper forms will not be considered.

(2) These application forms should not be submitted till after the publication of the University Examination results. They should be addressed to the Principal and the word "Admission" should be written on the cover. They should reach the office within seven days of the publication of the University results together with the mark sheets in the case of Matriculates and the position in the list in the case of candidates for the B.A. and B.Sc. classes. The Division in which the applicant has passed should be stated. Particular care should be taken to give requisite details regarding arrangements for residence Unless residing with parents or *related* guardians Hindu students are expected to reside in the Eden Hindu Hostel and Muhammadan students in one of the recognised Muhammadan Hostels.

(3) Presidency College students who pass the Intermediate or Degree Examinations and desire readmission are required to submit applications in the *proper* form. If they fail to do so their prior claim to admission will not be recognised.

(4) Participation in Games or regular Physical exercise will be compulsory for those admitted into both First and Third Year Classes. Other things being equal, preference will be shown in making admission to those who have previously played in their school or college teams. Those who have been members of a team should state the fact in their applications.

(5) The rate of Tuition fees which has hitherto been Rs. 12 per month, with admission fee Rs. 10, is now under the consideration of Government and selected candidates will probably be charged higher fees from the session 1926-27. On the other hand the number of partial freeships available for deserving students who are unable to meet the full fees, is likely to be correspondingly increased.

The annual interest is Rs. 37,929 against Rs. 37,629 in the previous year, which is banked with the Imperial Bank of India. The year opened with with a cash balance of Rs. 18,927-15-1 and closed with one of Rs. 14,643-15-3.

**III. Election to vacancies, etc.**—(1) The annual election of wards was held on Tuesday, the 6th January. For the 13 vacancies advertised, 57 applications were received and 13 girls elected on the recommendation of a sub-committee consisting of the Rev. Father T. Van der Schueren, S. J., the Rev. Canon W. A. H. Parker, the Rev. E. B. Joyner and Mr. W. F. Papworth. Of the girls elected, 8 were placed in the Loreto Convent, Entally (3 in the 1st and 5 in the 2nd boarding school), 2 in the Calcutta Girls' High School, 2 in St. Thomas' School, and 1 in Sherwood House, Namkum, Ranchi.

(2) Of the 18 girls withdrawn during the year, 5 had attained the age-limit of 17, 3 were withdrawn by their parents for various reasons before they had attained that age, 3 were removed on the remarriage of their mothers, whose circumstances had improved, and 6 others were removed as their progress did not justify their retention, and one died.

(3) Of the girls who had been withdrawn during the preceding year, and in respect of whom reports have been received during the year under review, one has joined the Presidency General Hospital to undergo training as a nurse, one is an assistant teacher in Kindergarten, another is employed as an assistant in a Trades firm, and two are operators in the Bengal Telephone Company.

(4) At the close of the year there were 89 wards on the rolls against 94 in the previous year. They were distributed as follows :—

(6) The health of the wards was generally satisfactory, but three wards who were in poor health were transferred to schools outside Calcutta.

**IV. Education and Maintenance.**—(1) The nature of the education given to the wards was that prescribed for higher grade schools under the Code of Regulations for European Schools in Bengal, and in a few cases that for secondary schools.

(2) The Governors are anxious that their wards should not be allowed to drift when they leave school, and have accordingly asked the Visiting Governor to make, in consultation with the school authorities and the girls themselves who have attained, or are about to attain, the age of 15, some definite proposals where this seemed desirable, so that the last two years of their school life may be spent to the best advantage and be a preparation for earning a living.

(3) Two wards were sent in for the Senior Cambridge Local Examination in December 1924, of whom one passed One was sent in for the Junior Cambridge, and passed. Four were entered for the Higher Grade School Final Examination, of whom two passed. Some wards appeared at the Cambridge Local Examinations held in December 1925. The results are not yet known.

(4) Under the rules a ward is not ordinarily allowed to remain on the fund after the age of 17, when an outfit grant of Rs. 100 is generally given, on application, to enable her to make a start in life. In cases where wards wish to be trained as teachers and have the support of the school authorities, or where some other special training is recommended, or they are preparing for higher examinations, some extension of the period of benefit is generally allowed. One ward was granted a further year's extension to enable her to sit for the Higher Grade School Final Examination.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 25-5-6 against Rs. 25-15-6 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below :—

**V. Inspection.**—Mr. W. F. Papworth was appointed Visiting Governor for the first-half, and Mrs. Barton for the second-half, of the year. There was no report from Mr. Papworth, who left India on long leave. Mrs. Barton visited all the schools in Calcutta having Bruce wards, and after seeing the wards reported on their progress and prospects. She stated that it was the general opinion that the majority of the Bruce wards would derive most benefit from higher grade schools. She also stated that it was the general feeling that the present grants for wards were inadequate, as they had to cover such additional charges as books, stationery, medical charges and sometimes clothing. This point is receiving the attention of the Governors.

**VI. Meetings.**—Five meetings were held during the year, and among the various resolutions passed the following may be noted :—

(1) That letters received from the school authorities on the question of training, with the view to the definite placing in life of girls educated from the funds of the Bruce Institution, be placed in the hands of the Visiting Governors, and that they should discuss the suggestions with each Principal in connexion with each ward in the schools visited.

(2) That it is desirable that all bills should be checked against the list of wards every month.

(3) That the Honorary Secretary be requested to report to the Governors in future the names of any children for whom bills for six months have not been submitted.

(4) That every child elected should be on probationfor one year, such election to be confirmed a year later on receipt of a report from the school of the year's work.

(5) That the Inspector of European Schools, Bengal, be requested to examine terminal reports on wards and send a report to the Secretary with regard to any action required.

E. F. OATEN,

*Honorary Secretary to the Governors.*

## MEDICAL COLLEGE OF BENGAL.

### Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College :—

(*a*) "Regular class" or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University and the provinces of Assam, Manipur State and Central Provinces, and those who come from the Dacca University and Board as provided for in rule 4.

(*b*) "Military class" (only students of European or Anglo-Indian parentage are admitted to this class). (*See* separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (*a*) "Regular class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz., in English, Physics, Chemistry and Botany.

3. The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on 5th October and closes on the 31st March.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office on or before the 25th May, together with a fee of Rs. 4, which will not be refunded on any account except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province. The candidate from Manipur will be nominated by the Manipur State.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

| | Rs. |
|---|---|
| Admission fee ... ... ... ... | 25 |
| Fees for Summer term ... ... ... | 100 |
| Athletic Club fee ... ... ... ... | 4 |
| Total ... | 129 |

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, six candidates by the Inspector-General, Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. One candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 100 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

| | Rs. |
|---|---|
| For one subject ... ... ... ... ... | 25 |
| For two subjects ... ... ... ... ... | 50 |
| For three or more subjects ... ... ... ... | 75 |

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 200 for the year in which they hold such scholarships. ADMISSIONS.

SESSION 1926-27.

(1) Applicants for admission should send stamped and addressed envelopes, and state to which year they desire admission, and whether to Arts or Science. The appropriate form will then be sent. Applications not made correctly or on the proper forms will not be considered.

(2) These application forms should not be submitted till after the publication of the University Examination results. They should be addressed to the Principal and the word "Admission" should be written on the cover. They should reach the office within seven days of the publication of the University results together with the mark sheets in the case of Matriculates and the position in the list in the case of candidates for the B.A. and B.Sc. classes. The Division in which the applicant has passed should be stated. Particular care should be taken to give requisite details regarding arrangements for residence. Unless residing with parents or *related* guardians Hindu students are expected to reside in the Eden Hindu Hostel and Muhammadan students in one of the recognised Muhammadan Hostels.

(3) Presidency College students who pass the Intermediate or Degree Examinations and desire readmission are required to submit applications in the *proper* form. If they fail to do so their prior claim to admission will not be recognised.

(4) Participation in Games or regular Physical exercise will be compulsory for those admitted into both First and Third Year Classes. Other things being equal, preference will be shown in making admission to those who have previously played in their school or college teams. Those who have been members of a team should state the fact in their applications.

(5) The rate of Tuition fees which has hitherto been Rs. 12 per month, with admission fee Rs. 10, is now under the consideration of Government and selected candidates will probably be charged higher fees from the session 1926-27. On the other hand the number of partial freeships available for deserving students who are unable to meet the full fees, is likely to be correspondingly increased.

H. E. STAPLETON, Principal.

Calcutta, the 30th April 1926.

Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. ## STATEMENT OF OBJECTS AND REASONS.

The Bill is designed to increase the number of representatives of Indian commerce on the Calcutta Port Commission. It is considered that the most satisfactory way of doing this is to empower the Bengal National Chamber of Commerce to elect four Commissioners instead of one as at present.

The Bill also provides that the Agents of the East Indian Railway, the Bengal-Nagpur Railway and the Eastern Bengal Railway, the Collector of Customs for the Port of Calcutta and the Port Officer, Calcutta, shall be *ex-officio* Commissioners in the five seats hitherto filled by nomination.

RESOLUTION—No. 1585F.

***Subject:*** **The Calcutta-Alipore-Howrah House Allowance Scheme.**

The object of the scheme set out in the rules which follow is to grant to married Government officers stationed in Calcutta, Alipore or Howrah a measure of relief against the difficulties experienced by such officers in obtaining suitable house accommodation at a rent proportionate to their emoluments. The scheme proceeds on the principle that a married officer, who, by the terms of his appointment, is stationed in any of those places, should not ordinarily be under the necessity of paying more than 10 per cent. of his pay for unfurnished house accommodation. It supersedes the existing Calcutta House Allowance Scheme, and will take effect from the 1st April 1926. The local Government reserve to themselves full power at any time to modify the scheme, and they admit no vested rights to the relief in its present or any other form, or to any compensation owing to its withdrawal or modification.

RULES.

I. These rules shall be called the Calcutta House Allowance Rules, 1926.

II. They shall apply to the following officers :—

(*a*) an officer of an All-India Service whose headquarters, by the terms of his appointment, are in Calcutta, Howrah or Alipore, and whose pay does not exceed Rs. 3,000 a month and has not been fixed with special reference to the higher cost of living in the places mentioned in Schedule A ;

(*b*) an officer holding an appointment admitted to the Calcutta House Allowance Scheme which these rules supersede ; and

(*c*) an officer holding an appointment to which Government by special order declares that these rules shall apply :

Provided that without the specific sanction of Government no allowance shall be paid under these rules to—

(*i*) an officer occupying quarters provided by Government, whether free or on payment of rent ;

(*ii*) a medical officer who is allowed the privilege of private practice ; or

(*iii*) an officer drawing a compensatory allowance granted in consideration of the expensiveness of the locality, a Presidency House Rent Allowance or a Presidency Allowance.

III Any officer mentioned in Rule II above, who occupies on payment of rent accommodation other than a residence owned or hired by Government, or resides in a hotel or boarding house in one of the places mentioned in the Schedule A annexed to these rules, and whose wife or child is resident

with him, shall be entitled under these rules to a house allowance on the following scale :—

| Pay. | Assumed rent. | Amount of house allowance per month. |
|---|---|---|
| | Rs. | Rs. |
| Under Rs. 300 | ..... | 45 |
| Rupees 300 to 499 | ..... | 80 |
| ,, 500 to 1,249 | ..... | 125 |
| ,, 1,250 to 1,999 | 350 | Actual rent (subject to a maximum of Rs. 350) less 10 per cent. of pay. |
| ,, 2,000 to 2,499 | 400 | Actual rent (subject to a maximum of Rs. 400) less 10 per cent. of pay. |
| ,, 2,500 to 3,000 | 450 | Actual rent (subject to a maximum of Rs. 450) less 10 per cent. of pay. |

*Proviso.*—When the rent paid by an officer whose pay is between Rs. 800 and Rs. 1,249 exceeds Rs. 125 *plus* 10 per cent. of his pay, Government may sanction an allowance equal to the actual rent less 10 per cent. of his pay, provided the allowance so sanctioned does not exceed Rs. 225.

NOTE 1.—For the purpose of calculating the allowance admissible on the above scale, pay will be as defined in Fundamental Rule 9 (*21*) and will include sterling overseas pay the rupee value of which will be calculated throughout the financial year at the current rate of exchange prescribed for March of the previous year.

NOTE 2.—"Actual rent" means rent, exclusive of occupier's taxes, of unfurnished accommodation.

(*a*) If the rent paid includes occupier's taxes and the actual amount of such taxes is not known, a deduction of $\frac{1}{11}$th shall be made from the gross rent.

(*b*) If the accommodation rented is furnished, and the rent payable to the lessor includes a payment on account of the hire of furniture, the rent of the unfurnished accommodation shall be taken to be $\frac{3}{4}$ths of the rent of the furnished accommodation.

(*c*) When the amount payable by an officer residing in a hotel or boarding house or as a paying guest includes, in addition to rent, charges on account of food, furniture, service, lighting and taxes, or of any of these or similar items, and by reason of this it is impossible to calculate the "actual rent", the allowance admissible shall be as follows :—

| Pay. | Allowance. |
|---|---|
| | Rs. |
| Under Rs. 300 ... ... | 45 |
| Rupees 300—499 ... ... | 80 |
| Rupees 500—1,249 ... ... | 125 |
| Rupees 1,250—1,999 ... ... | 300* |
| Rupees 2,000—2,499 ... ... | 350* |
| Rupees 2,500—3,000 ... ... | 400* |

* Less 10 per cent. of pay.

Provided that the allowance admissible to an officer whose pay is between Rs. 800 and Rs. 1,249 may be increased under the orders of Government to an amount not exceeding Rs. 175.

NOTE 3.—In cases in which the pay and allowance of an appointment are limited to a fixed maximum, the allowances admissible under these rules shall not count towards the maximum.

NOTE 4.—If an officer sublets any part of his accommodation to, or recovers any part of the actual rent from, another officer, to whom these rules do not apply, the allowance admissible to him shall be reduced by 10 per

cent. of the lessee's salary ; or if he sublets any part of his accommodation to, or recovers any part of the actual rent from, a non-official, a reduction of ⅓ths of the actual rent will be made in calculating the amount of his allowance.

Except as provided in Rule V, no two officers shall draw an allowance under these rules in respect of accommodation in the same house, flat or residence.

IV. An officer shall not draw the allowance until he has occupied accommodation in a house or flat or boarding house or hotel with his wife, or child or children, and has undertaken a liability to pay rent (or a sum including rent) for the same.

An officer may, however, continue to draw the allowance during either his own temporary absence on official duty or the temporary absence of his wife, or child or children, if he is able to certify that the rent during that period is not less than it would have been had he been resident there with his family :

Provided that, for the purpose of this rule, the length of such temporary absence" shall not exceed—

(*i*) if the accommodation occupied is a house or flat, a period of seven months' continuous absence at any one time or a total period of seven months' absence in any one calendar year ;

(*ii*) if the accommodation occupied is in a hotel or boarding house, a period of three months' continuous absence at any one time or a total period of three months' absence in any one calendar year.

NOTE 1.—The absence of an educational officer of the professorial branch during the period of vacation shall be treated as absence on official duty.

V. If two or more officers entitled to a house allowance under these rules occupy one house, flat or residence, each such officer shall be required to make a declaration of the amount of rent actually payable by him : provided that nothing in this rule shall be construed so as to entitle an officer to an allowance in excess of that which would be admissible under Rule III, the allowance admissible to each such officer shall be the rent actually payable by him less 10 per cent. of his salary.

VI. If an officer, who would otherwise be entitled to an allowance under these rules, resides in his own house, Rules III and IV notwithstanding he shall be entitled to draw an allowance at the rates prescribed in Rule III, provided that if his pay is Rs. 1,250 or over the amount of the allowance shall be fixed in each case by the local Government.

VII. Every bill for an allowance payable under these rules shall be supported by one of the certificates appended to these rules. No retrenchment shall be made so long as the allowance is admissible under the letter of the rule : but the audit officer should report for the orders of Government any case in which it appears that the rules have been deliberately abused.

By order of the Governor in Council,

M. C. McALPIN.

NOTIFICATION.

*No. 2466Com.—The 14th May 1926.*—The Twentieth Annual Report of the Bengal Smoke-Nuisances Commission for the year 1925 is published for general information.

M. C. McALPIN,
*Secretary to the Government of Bengal (offg.).*

# Twentieth Annual Report of the Bengal Smoke-Nuisances Commission

1. At the close of the year under report the Commission was composed as follows:—

J. N. GUPTA, ESQ., M.B.E., I.C.S., Commissioner of the Presidency Division, *President.*

S. C. MUKERJEE, ESQ., I.C.S., Magistrate of Howrah.

R. P. ADAMS, ESQ., O.B.E., A.M.I. MECH. E., Chief Inspector of Factories, Bengal.

ENGINEER-COMMANDER W. A. WILLIAMS, M.I.E. (Ind.), A.M.I.N.A., R.I.M., Principal Engineer and Ship-Surveyor to the Government of Bengal.

GEORGE ROBERTSON, ESQ., the Union South Jute Mills, Buddertolla,
J. D. BALFOUR, ESQ., Messrs. Burn & Co., Ltd., Howrah,
} representing the Bengal Chamber of Commerce.

J. N. CHUNDER, ESQ., Messrs. S. C. Chunder & Co., representing the Bengal National Chamber of Commerce.

N. MACLEOD, ESQ., M.I.M.E., representing the Calcutta Port Commissioners.

BABU SUKUMAR RANJAN DAS, M.A., representing the Municipal Corporation of Calcutta.

J. ROBSON, ESQ., A.M.I.M.E., Chief Inspector and Secretary.

2. The Commission during the year under review held 12 meetings. They kept abreast of the latest international achievements in smoke abatement, considered the best methods for improving efficiency and securing co-operation by rendering service to the owners and the public. The result of the general policy adopted has been a reduction of the smoke-nuisance. The average emission of smoke from each chimney for this year as shown in the Appendix is 1·19 minutes in the hour against 1·39 for the previous year, and is also the lowest attained. The importance of this reduction is apparent when it is realised that it represents a total daily reduction of 5,000 minutes of black smoke, the effect of which is that this year's atmosphere was visibly cleaner than that of last year.

3. The Chief and Assistant Inspectors made 14,442 smoke observations against 11,708, and the visits to factories, etc., for instructional and testing purposes were 3,710 against 3,410 for the previous year.

4. During the year 2,759 offences were reported to the owners for their departmental action against 2,262 for the previous year and the Commission gratefully acknowledge the beneficial results of the action by the owners which was generally taken at once. In some cases it was necessary to bring into operation the penal sections of the Act. Statutory Warnings were served in 12 cases and prosecutions instituted in 5 cases against 34 and 14, respectively, for the previous year.

5. The public continues to apply freely for relief to the Commission. During the year 59 complaints were received against 56 for the previous year, and relief was given wherever possible. In addition many references were received from the various municipalities, necessitating, in many cases, careful tests and lengthy observations.

6. Properly proportioned furnaces, flues and chimneys are the basic factors for efficient smoke abatement, increasing the power of the plant and reducing the overhead and fuel expenses. During the year the Commission examined and approved 79 plans of which 70 were made in the office of the Commission. Plans on request were also supplied to mills outside the controlled area and to other Provinces. In this respect the Commission's wide experience as service was always at the disposal of the owners.

7. Following the general trend throughout the world, some of the larger mills have fitted appliances for using low grade fuel and in those of the cases in which the design was good, excellent results have been obtained. In others there has been considerable trouble with smoke, when using the smokier coal, as the system for supplying air to the fires gives an unbalanced distribution. However, action is being taken to rectify this defect.

The most advanced and promising installation is that of a large jute mill recently completed, and fitted with air preheaters. The preheating of the air for burning the coal was originally introduced for abating smoke and after many years has become an economic achievement on a large scale. This particular installation is understood to be the first of its kind in India. There is no economizer the waste gases from the boiler preheat the air. The temperature of the feed water to the boiler is raised by the exhaust from the auxiliaries and bleeding from the main engine. The results are remarkable both for fuel economy and smoke reduction.

8. Recently, the rice mill owners represented that owing to the present trading conditions more fuel is being used than the profits of the industry can stand and requested assistance. The Commissioners decided to investigate whether the present method of using live steam from the boiler for steaming paddy could not with suitable manipulation be replaced by the exhaust steam from the engine. This, if successful, should reduce the total fuel consumption by over 25 per cent., and also reduce the smoke.

9. The solids in smoke (soot, grit, ash, etc.,) cause the greatest damage to health and property, and the achievements in smoke reduction have not always secured the desired reduction of the objectionable solids. Recently in one of the most successful smoke departments, where a remarkable reduction of smoke had been effected, they had the apparently astounding experience that the total discharge of solids had increased. To reduce smoke and increase the capacity of the plant the draft is usually increased, and this increased draft carries more of the light particles of the fuel into the atmosphere. So, the modern problem is also to reduce the discharge of solids, and this is under the consideration of the Commissioners. In this direction also some progress has been attained, as in the mills using light fuel a remarkable reduction of smoke has been effected and the installation of suitable appliances has prevented the annual discharge of 20,000 tons of solids into the atmosphere of Calcutta.

10. Smoke abatement engineering has many phases, ever changing with the developing art of using fuel. To maintain the required smoke abatement in the 80 square miles of controlled area necessitates unremitting effort, frequent inspection, tests and advice, constant observation of the smoke emission from chimneys. Any slackening of efforts quickly produces an increase in the nuisance, difficult to reduce.

The Commissioners consider the present system of observation inefficient and, on their recommendation, Government has recently sanctioned a scheme under which the whole of the area under control can be observed from a central smoke observatory.

11. Electric and gas appliances, both for commercial and domestic use, should be encouraged as permanent remedies for atmospheric pollution caused by smoke. During the year, 646 motors aggregating 5,480 horse power were connected to the system of the Calcutta Electric Supply Corporation.

12. The most deadly of the smoke-nuisances is the low-lying smoke discharged at ground level from over a quarter of a million furnaces, which for several hours particularly during the cold weather evenings shrouds some suburban areas in an irritating and suffocating pall through which it is impossible to see even a few yards ahead. To deal with the abatement of this smoke as a whole is a question of great difficulty. But, some improvements can be effected by the introduction of gas appliances, and the Commission are glad to see that increasing progress is being made in this direction.

During the year, the Oriental Gas Company have fixed 1,220 gas appliances, in the city, of which 414 were for water heating, 492 were cookers for domestic and hotel use and 264 boiling rings, 42 miscellaneous appliances for domestic and industrial use, 6 gas engines for power purposes, and 2 large ovens for biscuit making. They also state that several of the largest buildings have been fitted throughout with gas appliances and nearly all of the smaller buildings recently erected have been so fitted. One of the leading hotels has abolished their smoky coal range and has fitted the largest gas heated range in India, which is giving entire satisfaction.

13. Some impression regarding the appalling financial loss and the ghastly waste of human life and energy which is caused by the smoke nuisance, which is not generally realised may be obtained from the following extracts from " Facts about fuel for heat and power " :—

" Manchester, in laundry bills alone spends annually £250,000 more than she would spend if her air was as clean as that of Harrogate."

" In New York, nearly 20 years ago, laws to prohibit the smoke-nuisance were passed and strictly enforced and the atmosphere of New York became entirely untainted by smoke. In 15 years the death rate from tuberculosis was reduced 66 per cent.."

" Three months absence of coal smoke during the great stoppage of mines in 1921 saved the lives of 457 persons in Glasgow, the deaths from respiratory diseases during that period being only 539 against 996 in the corresponding period of 1920 "

14. It is generally claimed that efficient smoke abatement benefits the owners. The experience of the Commissioners is, the annual saving in fuel effected through their efforts is over 40 times the cost of running this department.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1925-26.

[NOTE.—On an average of the five years ending 1923-24, the area under linseed in Bengal has represented some 3·8 per cent. and that under rape and mustard 18·7 per cent. of the total area under these crops in British India.]

**Character of the season.**—As reported in the preceding forecast, the weather was generally favourable at the outset. Uneven distribution of rainfall during the period of growth affected the crops. Excessive rain accompanied by hail at harvest time in March further reduced crops in East Bengal. This, combined with damage done by insect pests in most of the important districts, made the season a poor one on the whole.

**Acreage.**—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 900—100 acres this year as against 884,600 acres last year.

**Outturn.**—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 55 per cent. of the normal as against 75 per cent. last year.

Taking 5¾ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard and 4½ maunds for other oilseeds, the total yield of the crops for the province is estimated at 106,300 tons this year as against 144,000 tons last year.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Final Forecast of the Wheat Crop of Bengal, 1925-26.

(NOTE.—On an average of the five years ending 1923-24, the area under wheat in Bengal has represented some 0·4 per cent of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India, and (*b*) in the territory now reported on has, in the five years ending 1923-24, averaged (*a*) 42·2, and (*b*) 14·7 per cent., respectively.)

**Character of the season.**—As indicated in the preceding forecast, the outturn was considerably reduced in the important districts of Malda and Murshidabad, owing to drought in the former and cloudy weather and untimely rainfall in the latter. Damage by hail was also reported from some places. In the lesser districts of Midnapore, Jalpaiguri and Faridpur the crop was helped by the showers of early March. Later on, excessive rainfall accompanied by hail at reaping time in April caused further damage in the districts of Nadia, Jessore and Mymensingh. On the whole, the season was a fair one for the crop.

**Acreage.**—According to the District Officers' estimates the total area sown is 130,500 acres this year as against 126,400 acres last year.

**Outturn.**—The provincial outturn, as worked out from district estimates, is 69 per cent. of the normal as against 64 per cent. last year. Taking the normal yield to be 8⅓ maunds per acre, the gross yield of the crop for the province is estimated at 27,600 tons this year as against 24,800 tons last year.

At the end of April, the average wholesale price of wheat at the principal marts of the province was Rs. 6-15 per maund or about 4·7 and 32·1 per cent. higher than the prices ruling at the corresponding periods of last year and the year preceding, respectively. The average wholesale price of common rice at the principal marts, on the other hand, was Rs. 7·2-3 per maund or about 1·5 and 25 per cent. higher than the prices ruling at the corresponding periods of last year and the year before, respectively.

| Nadia ... ... | 23,100 | 12,000 | 14,000 | 67 | 58 | Middle of March. Normal. | The increase in area was due to favourable weather at sowing time. Subsequently want of sufficient rainfall during the growth and hailstorm just before reaping affected the outturn. |
| Murshidabad ... | 35,500 | 27,800 | 28,200 | 67 | 58 | Ditto ... | The weather was not favourable. The outturn is much below the normal owing to untimely rainfall in December last, occasional drought afterwards and to the recent rain in the Kandi subdivision and cloudy weather and hailstorm at the mature stage which affected the crop. |
| Jessore ... ... | 3,800 | 700 | 700 | 50 | 50 | March. Normal ... | The outturn is much below the normal owing to untimely rainfall. |

| Midnapore ... | 800 | 800 | 800 | 84 | 83 | Ditto ... | The weather was fairly favourable. The outturn was below the normal on account of continuous drought at the sowing time. Since the submission of the second forecast good showers benefited the crop. |
| Hooghly ... | 400 | 200 | 200 | 83 | 67 | Beginning of March. Early. | The weather was not favourable. The outturn was much below the normal due to want of sufficient water for irrigation. |

## NOTIFICATION.

*No. 2486Pl.—The 26th May 1926.*—Whereas the Governor in Council is satisfied for the reasons hereinafter set forth that the public tranquillity and security of life and property in the Presidency Area are endangered:

Now therefore, in exercise of the powers conferred by section 3 of the Presidency Area (Emergency) Security Act, 1926 (Bengal Act III of 1926), the Governor in Council declares that a state of emergency exists.

*Reasons.*—The recent disturbances in Calcutta which involved serious loss of life and property extended with one interval of tranquillity from the 2nd of April to the end of the month were due to conditions which have not yet been removed. Bitter feelings still subsist between the Hindu and Muhammadan communities, and the renewal of rioting on the 22nd April after a calm interval shows that while these feelings subsist there is danger of a fresh outbreak. The Governor in Council is therefore satisfied that a state of emergency exists and that the use of the special powers conferred upon him by the Act is necessary to bring it to an end.

### RAILWAY.

The following draft of a notification containing rules which the Governor in Council proposes to make under section 42 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), is published for the information of persons likely to be affected thereby.

The rules will be taken into consideration on or after the 1st September 1926, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Commissioner of the Division before that date will be duly considered :—

*Draft notification.*

In exercise of the power conferred by section 42 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), the Governor in Council is pleased to make the following rules, namely :—

1. A notice under section 6 shall be sent by registered post acknowledgment due to the owner, agent or manager of every affected property not belonging or appertaining to the promoter of the ropeway, a plan and index showing the proposed position of the ropeway in so far as it affects the property in question.

2. When an accident of the description contained in section 20 of the Act occurs on or about a ropeway, the promoter of the ropeway or his agent or manager shall, within twenty-four hours of the occurrence of such accident, give written notice of the accident to the Local Government and to the Inspector, if an Inspector has been appointed. The notice shall state the name, sex and occupation of persons killed or injured, if any, the nature of the injury, and, if fatal, the cause of death, the date and hour of the accident, the place of accident, and a description of how the accident occurred.

3. A ropeway shall be so aligned that in no circumstances shall a carrier be able to foul any post, structure, building, tree, telegraph or telephone line, power cable or another carrier. The minimum clearance shall be not less than 5 feet assuming a maximum wind pressure of 50 lbs. per square foot acting in a direction horizontal to the carrier.

4. A ropeway shall be constructed with minimum factors of safety as follows :—

| | Minimum factor of safety at the point of maximum stress. |
|---|---|
| Ropes— | |
| Mono-cable ... ... ... ... | 5 |
| Bi-cable— | |
| Carrying rope ... ... ... | 4 |
| Hauling rope ... ... ... | 5 |
| *Structural steel work* ... ... ... | 4 |
| *Other ropeway fittings* ... ... .... | 5 |

*Trestle foundations* must be sufficiently large to give a moment 50 per cent. greater than the overturning moment due to a wind pressure of 50 lbs per square foot on the structure and on the ropes and carriers supported. For tall trestles guy ropes may be used.

5. Station gear and trestle sheaves shall be so designed that lubrication can be performed safely whilst the ropeway is in motion.

6. Where a ropeway passes over a public road or a railway on which the passengers are carried, a bridge under the ropeway shall be provided and maintained by the promoter, and such bridge shall be so constructed as to prevent persons from being endangered by anything falling from the ropeway. The minimum clearance under the bridge shall be 16 feet.

7. Where a ropeway passes over a railway, tramway, canal or navigable river the minimum clearance under the load shall ordinarily be 16 feet. The Local Government, however, may require the clearance to be such an amount as they think necessary.

8. The clearance between the carriers on a ropeway and the ground shall not be less than 8 feet except at stations, which shall be so fenced as to prevent danger.

9. All carriers shall be provided with appliances which prevent the container from discharging its contents except at points where it is intended to discharge them.

10. Reliable devices, approved by the Inspector, for signalling between the terminal and junction stations shall be provided.

11. A competent person, appointed by the promoter or his representative, shall daily inspect all posts, ropes, machinery, gear and other appliances, and shall record in a book to be kept for the purpose a true report of the inspection stating what defects, if any, were noticed.

12. The ropeway shall not be worked unless the posts, rope, machinery, gear and other accessory appliances are in proper order.

13. For the purpose of giving signals on the ropeway the owner or his representative shall appoint in writing persons to give the signals, and shall satisfy himself that they are competent to give the signals and are familiar with the code of signals in use.

14. No person shall remain under the rope while carriers are being moved.

15. No person shall ride on an aerial ropeway without the written permission of the promoter or his representative; and permits to ride on a ropeway shall be granted only to persons employed in lubricating, repairing or inspecting the ropeway.

16. Persons travelling on a ropeway for the purpose of inspection, lubrication or repairs shall be securely fastened to the carriers.

17. No person shall undertake repairs to the machinery or the line while the rope is in motion.

18. No unauthorised person shall enter a ropeway station or climb up the posts carrying the rope.

*No. 5R. dated Calcutta, the 18th May 1926.*—In exercise of the power conferred by clause (*f*) of section 4 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), the Governor in Council is pleased to require that the following plans, maps, sections and drawings shall be included in an application under section 3 of the said Act.

1. A plan on a scale of not less than 165 feet to one inch, showing—

(*a*) all land, permanent structures, roads, railways, canals and public embankments within 50 yards of the alignment of the ropeway;

(*b*) the boundaries of all land and the surface and subterranean boundaries of all mining properties which lie within 50 yards of the alignment of the ropeway;

(*c*) the position of every part of the ropeway;

(*d*) the position of every permanent structure or any part of it which lies within 50 yards of the alignment of the ropeway; and such permanent structures shall be numbered serially on the plan, and an index under the corresponding number shall be provided giving a full and clear description of each permanent structure and the name and address of the owner of the structure.

The plans and accompanying documents shall be in duplicate.

2. When the alignment of the ropeway or an extension thereto passes over or within 50 yards of any part of a foreign property the promoter shall furnish with his application under section 4, and for each foreign property owner affected, an additional copy of the plan and index required under paragraph 1. Such additional copies shall be limited to the areas lying within the boundaries of the individual foreign properties crossed by the alignment of the ropeway or within 50 yards of the same.

3. In this order—

(*a*) the expression "foreign property" means property not belonging or appertaining to the promoter of the ropeway;

(*b*) the words "permanent structure" include pit heads, engine houses, boiler-houses, electrical and mechanical installations and masonry buildings.

## APPENDIX IV.

(*See* paragraph 14 of the Regulations.)

NOTE.—This Appendix is merely intended to show the principal leave rules in the Fundamental Rules and the Pension Rules at present applicable to Engineers appointed to the Indian Services from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules or Civil Service Regulations for the time being.

### LEAVE.

(*The following rules apply only to officers of non-Asiatic domicile. Officers of Asiatic domicile will be subject to the ordinary leave rules in the Fundamental Rules.*)

1. Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" which an officer earns is five-twenty-seconds of the period spent on duty.

2. Subject to certain maxima and minima, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average pay, and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career is the equivalent of leave on average pay for three years *plus* one-eleventh of the period spent on duty, of which not more than one year *plus* one-eleventh of the period spent on duty may actually consist of leave on average pay. Leave not due and carrying half average pay may be granted on medical certificate, and, within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer draws quarter average salary, subject to certain maxima and minima.

3. Leave salary is ordinarily payable in rupees if the officer spends his leave in India or Ceylon, and in sterling if he spends it elsewhere. The rate of exchange for the conversion of leave salary is prescribed from time to time by the Secretary of State.

4. It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

## PENSIONS.

5. The following is a summary of the pension rules applicable to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

### *Ordinary Pensions.*

6. An officer is entitled, on his resignation being accepted, to a retiring pension after completing qualifying service of not less than 20 years.

7. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

8. An officer becomes eligible for full retiring pension on completing 30 years qualifying service.

9. If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years' qualifying service (paragraph 6) or is compelled to retire on attaining the age of 55 (paragraph 7), he will be eligible for pension on the following scale :—

| Completed years of qualifying service. | Maximum limit of pension. Per annum. Rs. | Completed years of qualifying service. | Maximum limit of pension. Per annum. Rs. |
|---|---|---|---|
| 20 | 4,000 | 28 | 6,600 |
| 25 | 6,000 | 29 | 6,800 |
| 26 | 6,200 | 30 | 7,000 |
| 27 | 6,400 | | |

10. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

11. An officer who is compelled to retire through ill-health not occasioned by irregular or intemperate habits will be eligible for invalid gratuity or pension as follows :—

(*a*) After a service of less than 7 years a gratuity not exceeding (except in special cases and under the orders of the Government of India, up to a maximum of 12 months' emoluments) one month's emoluments for each completed year of service. If the emoluments of the officer have been reduced during the last three years of his service, otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

(*b*) After a service of not less than 7 years, a pension not exceeding the following amounts :—

| Completed years of qualifying service. | Scale of pension. | Maximum. | Completed years of qualifying service. | Scale of pension. | Maximum. |
|---|---|---|---|---|---|
| | | Per annum. | | | Per annum. |
| | | Rs. | | | Rs. |

(*a*) Provided, also, that such subscriber shall pay back into the Provident Fund the whole of the amount withdrawn by not less than 12 or not more than 24 instalments. The instalments shall be paid by compulsory deductions from salary and shall be in addition to the usual subscription.

(*b*) When an advance is repaid, as regards principal, in not less than 12 instalments, a 13th instalment, representing interest and equivalent to 3 per cent. of the amount of the advance, should be paid in the month following that in which the last instalment is paid. Similarly, an additional instalment equivalent to 6 per cent. of the total amount of the advance should be paid when the advance is repaid in more than 12 instalments. In calculating the 3/6 per cent. instalment as above, a fraction of a rupee should be taken at the next higher whole rupee, if it exceeds 8 annas, and should be ignored, if it does not.

(*c*) Provided that when one or more advances have already been granted to a subscriber, a subsequent advance shall not be granted to him except for strong reasons to be recorded in writing by the Trustee, until at least twelve months have elapsed since the complete repayment of the full amount of the last advance taken and the interest due thereon.

Provided the Official Assignee shall be at liberty to direct the Trustee to deduct from the bonus payable to the subscriber such an amount as he thinks proper for any act of misfeasance, misdemeanour, inefficiency, or irregular attendance on the part of the subscriber during his service in the Official Assignee's office. The amount so deducted shall be credited to the Unclaimed Dividend Revenue Account.

23. **Payment on dismissal or compulsory retirement.**—If any subscriber shall be dismissed or compelled to retire otherwise than by reason of illness, old age or other incapacity, or the abolition of his appointment, the Trustee shall pay to him only the aggregate amount subscribed by him to the Provident Fund together with the interest accrued thereon, and the balance, if any, of all moneys then standing to his credit shall (subject as aforesaid) upon such dismissal or compulsory retirement be forfeited to the Fund and shall be credited to the Unclaimed Dividend Revenue Account:

Provided the Trustee may at any time, with the sanction of the Chief Justice, pay to any subscriber on voluntary retirement the whole or any part of the amount forfeited by him.

24. **Payment on retirement after attaining the age of 55 years.**—A subscriber shall, on retirement from the service in the Official Assignee's office on or after attaining the age of 55 years (but subject to the provisions of these Rules), be entitled to the full amount at his credit in the Provident Fund.

25. **No transfer or assignment by subscriber.**—No subscriber shall be entitled to transfer or assign, whether by way of security or otherwise howsoever, his share or interest in the Fund or any part thereof, and no such transfer or assignment shall be valid, and the Trustee shall not recognise or be bound by notice to him of any such transfer or assignment.

27. **Power of modifying or changing the Rules and Regulations.**—It shall be lawful for the Trustee, with the approval of the Chief Justice, from time to time and at any time hereafter, by specific resolution, to alter, vary or modify, remake, rescind or add to these Rules or Regulations or any of them, but such alteration, variation, modification, remaking, recission or addition shall not affect the rights already accrued of any employee with respect to the Fund.

28. **Disputes: the order of the Chief Justice to be final.**—If any dispute shall at any time arise between the Trustee on the one hand and any subscriber or any heir or representative, executor or administrator of any subscriber or any person claiming as next of kin of any subscriber or in any other capacity on the other hand regarding these Rules and Regulations and the interpretation thereof or any matter arising thereout or connected therewith, the matter in dispute shall be referred in writing to the Hon'ble the Chief Justice whose decision in the matter shall be final.

2. In regulation 48 of the said Regulations after the words "the longitudinal seams shall" the words ", where practicable," shall be inserted.

3. Regulation 49 of the said Regulations shall be re-numbered 49 (*a*) and after the regulation so re-numbered the following sub-regulation shall be inserted, namely :—

"(*b*) Where shell plates and end plates are connected by means of an external angle ring, as in the front ends of Lancashire and Cornish type boilers, the angle ring shall not be less in thickness than as follows :—

| | |
|---|---|
| (*i*) For shell plates up to $\frac{5}{8}$ inch in thickness ... ... | Ten per cent. in excess of the thickness of shell plate. |
| (*ii*) For shell plates between $\frac{5}{8}$ inch and 1 inch in thickness ... | Ninety per cent. of the thickness of shell plate. |
| (*iii*) For shell plates exceeding 1 inch in thickness ... | One inch." |

4. After sub-regulation (*e*) of regulation 67 of the said Regulations the following sub-regulation shall be inserted, namely :—

"(*f*) Where stay tubes are not fitted in nests of tubes, as in tube plates of loco-type boilers, and parts of plate outside the space occupied by tubes are supported, in accordance with regulation 99 (*b*), by screwed stays each stay in the row nearest the tubes shall be of sufficient strength to support the plate up to the edges of the tube holes in addition to its share of the plate on the opposite side of the line of stays.

The working pressure for the plate between tubes and stays shall be determined by Eqn. (25), A being the horizontal pitch of the stays in the nearest row, B twice the distance between the centre line of stays and a line touching the tubes opposite them and C the co-efficient appropriate to the kind of stay."

5. In sub-regulation (*c*) of regulation 70 of the said Regulations, in the definition of D, after the words "whichever is applicable," the following shall be inserted, namely :—

"112A.—*Corrugated Fireboxes of Vertical Boilers.*—For the semi-spirally corrugated fireboxes of "sentinel" standard motor wagon boilers the working pressure shall be determined by the following formula :—

$$\text{W. P.} = \frac{C(t-1)}{D} \quad \ldots \quad \ldots \quad \ldots \quad \ldots \text{ Eqn. (65 A).}$$

t is the thickness of the firebox plate in 32nds of an inch,

D is the mean of the external diameters of firebox measured over the plain part at each end at commencement of curvature of flange,

C = 390.

112-B.—*Foundations of Vertical Boiler Furnaces.*—Where circular furnaces or fireboxes of vertical boilers are not connected to the shell crown by uptake tube, smoke tubes or bolt stays and the whole load on the firebox vertically is borne by the bottom part of the firebox where it is connected to the shell the working pressure for the part, if firebox is joggled out to meet the shell or if an ogee or Z angle ring is fitted, shall not exceed that found by the following formula :—

$$\text{W. P.} = \frac{C(t-1)^2}{D(D-D^1)} \quad \ldots \quad \ldots \quad \ldots \quad \ldots \text{ Eqn. (65 B).}$$

t is the thickness of the joggled firebox plate, ogee ring or angle ring in 32nds of an inch,

D is the inside diameter of the boiler shell in inches,

$D_1$ is the outside diameter of the joggled firebox at the commencement of curvature above joggled part or the outside diameter of the firebox where it joins the ogee ring or angle ring,

C = 140 for joggled firebox or ogee ring,

C = 80 for Z angle ring.

112-C.—*Foundations of Loco-type Boiler Fireboxes.*—Where the firebox roof in locotype boilers is not stayed direct to the external casing crown or to girders carried by the casing or is not connected to the casing by slings in accordance with the regulation 92 (*d*) and the whole load on the firebox vertically is borne by the bottom parts of the firebox where connected to the external casing the working pressure for the parts, if plates are joggled out to meet the casing or if an ogee or Z angle ring is fitted, shall not exceed that found by the following formula :—

$$\text{W. P.} = \frac{C(t-1)^2 \times (L+W)}{L \times W\,(W-W_1)} \quad \ldots \quad \ldots \quad \ldots \text{ Eqn. (65 C).}$$

t is the thickness of the joggled firebox side plates or firehold plate (whichever is less), ogee ring or angle ring in 32nds of an inch,

L is the length of firebox casing in inches measured between the water sides of front end plate and saddle plate at the foundation seam,

W is the width of firebox casing in inches measured between the water sides of casing side plates at the foundation seam,

$W_1$ is the width of firebox in inches measured between the water sides of firebox side plates at the commencement of curvature above joggled part or where it joins the ogee ring or angle ring,

C=70 for joggled plates or ogee ring,

C=40 for Z angle ring."

Where only a comparatively narrow strip of the firebox roof is stayed directly to the casing crown the area so stayed shall be deducted from the area represented by LxW in the bottom line of the formula thus, [LxW—A] (W—$W_1$) and so used in Equation (650) in determining the working pressure for the parts, "A" being the area in square inches of the part of roof supported by the casing crown.

9. In regulation 125 of the said Regulations (*i*) after the definition of C in sub-regulation (*l*) the following shall be inserted, namely :—

"The steel wire of which springs of direct spring loaded safety valves are made shall not be less than $\frac{3}{16}$ inch in diameter or side of square ;" and

(*ii*) after sub-regulation (*m*) the following sub-regulation shall be inserted, namely :—

"(*n*) The number of coils of spring required for a given compression or the compression due to the load may be ascertained approximately by the following formulæ :—

$$N = \frac{K \times C \times d^4}{L \times D^3}$$

$$K = \frac{L \times D^3 \times N}{C \times d^4}$$

N is the number of free coils in spring,

K is the compression of spring in inches,

d is the diameter of round or side of square steel of which spring is made, in 16ths of an inch,

D is the diameter of spring from centre to centre of wire in inches,

L is the load on the spring in pounds,

C=22 for round and 30 for square sectional springs.

INDIA OFFICE, LONDON,

*22nd April 1926.*

ACCOUNTS,

No. 6.

**To His Excellency the Right Honorable the Governor General of India in Council.**

MY LORD,

Indian Civil Service Family Pension Rules: amendment of Rule 11 (3).

I have considered in Council your Secretary's letter in the Finance Department dated 24th February 1926, No. F.-i2-III-F.E., asking whether the penalty payable under Iule 11 (*3*) of the Indian Civil Service Family Pension Rules should be calculated on the disparity fine.

2. It has hitherto been the practice here as in India when penalties have been incurred by subscribers for delay in reporting marriages to levy the percentage increases on both marriage donations and disparity fines, and the rule as recast in its present form was intended to bear this interpretation. In order, however, to remove any doubt I have decided that the wording should be amended, and 1 enclose a Resolution I have made in Council effecting the necessary change in the Indian Civil Service Family Pension Rules.

3. I request that this Despatch with its enclosure may be published in the Gazette of India.

I have the honour to be,

MY LORD,

Your Lordship's most obedient humble Servant,

(Sd.) BIRKENHEAD.
